"START YOUR INNOVATION PROJECT"

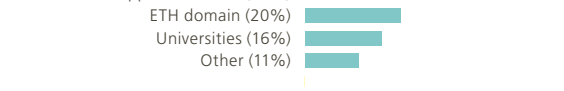

In 2019, **funding applications for innovation projects** were up **65.5 per cent** on the previous year. 404 applications were approved, 46 of which were without implementation partners. The **approval rate averaged** 60 per cent.

A total of **CHF 241.3 million** was requested for the projects submitted. CHF 143.9 million was awarded.

Excl. overhead contributions and innovation cheques, incl. international projects

54 per cent of the research partners participating in the innovation projects are **universities of applied sciences**.

1,093 innovation projects supported by Innosuisse were under way at end-2019.

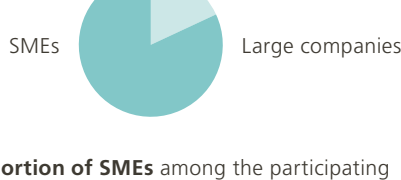

Regional breakdown of the **main implementation partners** in approved innovation projects.

400

innovation cheques

totalling more than CHF 6.0 million were approved in 2019 (559 applications received, 513 applications evaluated), enabling SMEs to join the world of science-based innovation.

The **proportion of SMEs** among the participating companies is about 82 per cent. SMEs are firms with fewer than 250 employees.

Proportion of women

The proportion of women in approved innovation projects was 15 per cent among the **main research partners** and 13 per cent among the **main implementation partners**.

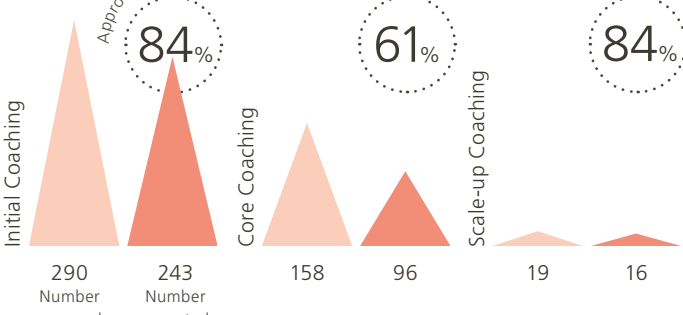

For the first time

In 2019, 502 companies participated in an innovation project. **56 per cent** of them for the first time.

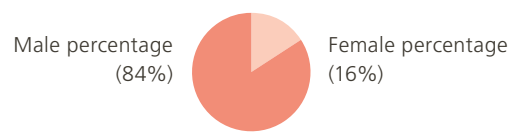

"START AND GROW YOUR BUSINESS"

Coaching

477 start-ups applied for coaching from Innosuisse in 2019. This represents an increase of 40 per cent compared to 2018 (341 start-ups).

At end-2019, a total of 305 start-ups were in Innosuisse's **Core Coaching** programme.

Women make up 16 percent of the participants in **Core Coaching**.

3,576

trainees

took part in one of the four **Start-up Training** modules in 2019.

Camps

In 2019, 58 start-ups were to take part in an **internationalisation camp**. These gatherings, held in eight cities across ten countries, enable entrepreneurs to discover new markets.

6 start-ups received an **Innosuisse Certificate** in 2019, confirming that they are "ready for sustainable growth".

"BE CONNECTED"

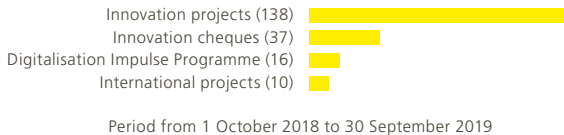

216

innovation project submissions were supported by the **innovation mentors**.

Excl. innovation cheques, incl. Digitalisation Impulse Programme

Networks

A total of 201 approved innovation projects were supported by the **National Thematic Networks (NTNs)**.

Period from 1 October 2018 to 30 September 2019

330

SMEs received one or more **vouchers for innovation mentoring** in 2019.

41

Thematic Specialist Events were awarded funding contributions in 2019.

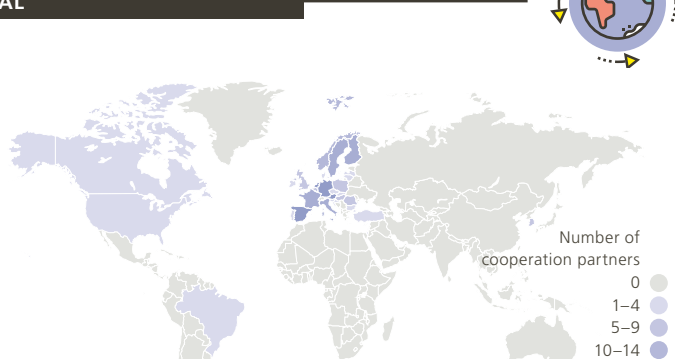

"GO GLOBAL"

193

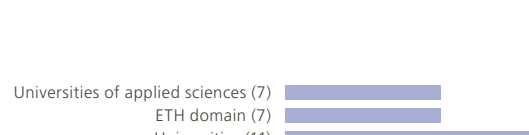

applications

for support for **international projects** were submitted to Innosuisse in 2019 and 66 applications were approved. The **approval rate averaged** 34 per cent.

Numbers without EEN

The international project cooperation partners in 2019 came from **31 countries**.

33 Swiss research institutions were involved in the approved international projects.

63 SMEs, 7 large companies and **4 end-user organisations** from Switzerland were involved in the approved international projects. SMEs are firms with fewer than 250 employees.

Partner introductions and consulting

Enterprise Europe Network (EEN) Switzerland

The EEN is strengthening cross-border innovation funding by arranging roughly **260 contacts** with potential project partners a year.

Under the Horizon 2020 SME programme (SME Instrument), EEN supported **120 companies** in the search for international coaches in 2019.

Some 2,000 SMEs took part in **39 partnering events** worldwide.

THEMATIC PROGRAMMES OF INNOSUISSE

ENERGY FUNDING PROGRAMME

39% third-party funding

generated by SCCER in 2019, in addition to direct contributions from Innosuisse (CHF 31 million) and universities' own funds (CHF 41.7 million), from competitive federal funds and industry (CHF 46.9 million).

8 SCCERs

As part of the funding programme, eight Swiss Competence Centers for Energy Research (SCCER) are investigating innovative energy solutions for the future.

1,386 researchers

are taking part in the SCCER.

50 innovation projects

were approved in 2019 under the Energy Funding Programme across the seven action areas.

BRIDGE

BRIDGE

Through the BRIDGE programme, Innosuisse and the Swiss National Science Foundation (SNSF) are supporting researchers with a total of CHF 70 million between 2017 and 2020.

30 projects were supported in 2019 via BRIDGE's **Proof of Concept** offering.

10 funding applications were approved as part of **BRIDGE Discovery**.
